Highlight of ZWCAD 2010

1. Slogan

Faster Speed, Better Design

2. Highlight

ZWCAD 2010 assures you of:

- **Unrivaled Compatibility**

Native DWG format, support for Windows® XP/2003/Vista/7, and more

- **Efficient Drafting Features**

2D and 3D Drawing, Editing, Dimensioning, Blocks, Hatches, Raster Image, and more

- **Advanced Management Features**

Design Center, Tool Palettes, Dynamic Prompt, Aerial View, Quick Dimension, and more

- **Powerful Application Programming Interfaces**

LISP (similar to AutoLISP), VBA, SDS (similar to ADS), ZRX (ZWCAD Runtime Extension, similar to ARX)

What's New in ZWCAD 2010

- **Memory Optimization**

The memory used by ZWCAD 2010 has been optimized to provide greater editing speed and program stability, especially when dealing with large drawings.

- **New In-Place Text Editor**

ZWCAD 2010's brand new in-place MTEXT editor helps you be more creative with paragraphs of text. You can create and edit text objects freely as in other professional word processing software.

- **New and Enhanced Application Programming Interfaces**

One of the highlights in ZWCAD 2010 is its introduction of ZWSOFT's own runtime extension, ZRX. In addition, LISP and VBA improved in this release.

- **Fully Compatible with Windows 7**

ZWCAD 2010 works smoothly with Windows 7, and communicates with other Windows Operating Systems.
